PUPIL INFORMATION

Please could we ask all parents and carers to check that the school has the correct information for your child/ren? It is very important that the school has up-to-date emergency contacts, email addresses and medical details. If there are any changes, please contact the school office to confirm.

PARENT GOVERNORS

The school are seeking two new parent governors. Information about the process for applying is being sent out today (Monday 6th). The school values the role of parent governors and welcome any nominations.

PROVISION OF A MEDICAL DIET

Powys Catering Services believe that the provision of medical diets is an important part of the service offered to pupils, parents/carers and schools. They work in partnership with schools to ensure pupils who require an alternative diet due to medical reasons are catered for.

PLEASE NOTE: all requests for medical diets must be accompanied by written confirmation from a health care professional.

Every effort will be made by Powys Catering to provide the diet required.

Special dietary requirements will be managed in a way that is realistic to the catering service and pupil and therefore it may not be possible to accommodate all desired amendments.

If your child requires a medical diet, please ask in the school office for a form.
