

Welshpool Church in Wales Primary School

Newsletter Spring Term Number 7/Cylchlythyr 7 Tymor yr Gwanwyn

Monday 28th February 2022/Dydd Llun Chwefror 28ain 2022

Our value for the month is PERSEVERANCE

Welcome back after the half term break. We are looking forward to some exciting events this half term.

- To celebrate St David's Day on March 1st, all pupils are welcome to come dressed in national costume, or in the Welsh flag colours of red, white and green. As the fundraiser for the Enterprise Committee didn't take place as planned on the last day of term, £1.00 would be gratefully received by the committee in order to kick-start their project.*
- On March 3rd, Years 5 and 6 will be taking part in a dance workshop and performance by Impelo Dance.*

CELL: where Science meets Dance!

...Join us in an inflatable world and marvel at your body's power, quirks and hidden landscapes.

Explore human cells through intricate choreography that will enthral you. Discover the life-giving world inside your body; a universe smaller than a grain of sand...

CELL illustrates the processes of our immune system - from fighting infection, to helping us to grow and repair. Pitched at KS2 it's an exploration of cellular biology, inspired by the work of lab scientists and their

findings under the microscope.

- All pupils will be benefiting from virtual visits by Welsh authors next week, and so we will be celebrating World Book Day on March 9th. All pupils are welcome to dress up as a book character for the day and to bring their favourite book.*
- Mid-Wales Opera will be visiting Years 3/4 and Years 5/6 on March 16th*
- Sweetsshop Revolution will be taking Years 3 and 4 for creative dance and theatre workshops later in March.*

FAMILY THRIVE COURSE

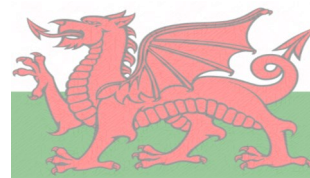

Would you like a better understanding of what your child is feeling? **Our popular Family Thrive programme will be running for 5 weeks from the 9th of March.**

Children's behaviour is their way of communicating a need, often because they do not yet have the language to tell us. Our Thrive course helps parents and carers understand how Thrive can make a positive difference to the wellbeing of children – and therefore the whole family.

Thrive helps us to understand why children might behave the way they do. By helping you understand children's social and emotional development, you can help your children Become confident, curious, emotionally resilient and more engaged with both life and learning.

As you may be aware we use Thrive in school as a whole school approach, let us help you enhance your parenting by supporting your child's emotional journey together. To book a space please email: hardinga54@hwbcymru.net or call the school office : 01938 538630
