CHILDREN IN NEED DAY

The school will be taking part in Children in Need Day on Friday November 18th.

The school council have decided that they would like to raise money by baking and selling Smarties Cookies and lemonade for 20p.

There will be other games and activities on offer too, such as a goal scoring competition, having a photo taken with Pudsey Bear, a colouring competition and covering a drawing of a giant Pudsey with pennies.

Please allow your children to bring money to school to spend on these activities which will cost no more than 20p per activity.

We also invite all children to donate £1.00 to dress in spotty clothing for the day!

Free Introduction to Nutrition Course

Real world practical information. Helping parents make informed choices & build a more positive relationship with food & their bodies.

Laura Jones
Nutritionist, Mum, Human.

I'm a Mum of three, fitness coach and MNU certified nutritionist. I've spent almost three decades making peace with food and with my body. Learning how to fuel my body and mending my relationship with food has enabled me to help other people do the same.

HEAD LICE

Unfortunately we are seeing a number of children in school with head lice. Please check your child's hair regularly to avoid the spread of these unwanted visitors!

Ask our Family Support Co-ordinators Mrs. Harding and Mrs. Smith if you need a nit comb.

Head lice – did you know?

- Head lice DO NOT fly, jump, hop or swim – they spread from head to head contact.
- Head lice live on human heads, NOT on animals, carpets or furniture.
- Adults are called lice, their eggs are called nits. Lice can live for up to 5 WEEKS!
- They love ALL hair colour and ALL hair types including fine, thick, curly, straight, clean AND dirty.
- A single treatment for head lice will NOT kill ALL nits (eggs).
- Head lice DO NOT prefer a particular blood group.
- The wet combing method is an EFFECTIVE treatment.
- Head lice DON'T carry disease, but scratching the scalp can cause bacterial infections if the skin breaks.
- You can get head lice again! Successful treatment does NOT stop head lice from coming back later.
