

Bringing out the best
in each other

Year 3/4 Home Learning Grid

Spring Term 2021 Week 2

Bringing out the best
in each other

			This week's theme is: Our Area
	My Favourite Author	Weight (Grams)	
<p>Monday</p> <p>Remember to read and complete the Sumdog tasks today!</p>	<p>Think about your favourite books at home. Who are the authors? Using your favourite author, create a fact-file to share some interesting facts about him/her. See Google Classroom for links to a range of books.</p>	<p>Watch the video to understand what a Venn Diagram is: Venn diagrams - KS2 Maths - BBC Bitesize</p> <p>Create a Venn Diagram to show household items that weigh "more than", "less than" or "very close to" one full bottle of water.</p>	<p>Either during your daily exercise walk (remember to start and finish from your home) or using Google Maps, we would like you to:</p> <ul style="list-style-type: none"> • Photograph or sketch features of the area that are important to you. • Use your photographs or sketches to create a "Welcome to..." collage. You could print them and use paper or use Adobe Spark/Pic Collage! • Focus on one feature in your area and create an information page for it. Your page could include: <ul style="list-style-type: none"> - How long has it been here for? - Has it always been here? - Who uses it? - Why should people visit/use it? - Why is it your favourite feature?
<p>Tuesday</p> <p>Remember to read and complete the Sumdog tasks today!</p>	<p>Now read your favourite book by your favourite author (if it is a longer one, you could just read a couple of chapters). Create a story map to include the key events from the story or chapter.</p>	<p>Using scales (bathroom ones do the same job!), find items around your house that weigh: 5g, 10g, 25g and 100g. You are not allowed to look at the weights listed on food packaging!</p>	
<p>Wednesday</p> <p>Remember to read and complete the Sumdog tasks today!</p>	<p>Using Flipgrid on HWB (see Google Classroom for the link), explain your story using your story map. If you do not have access to Flipgrid, try retelling your story aloud to somebody at home.</p>	<p>Using the same scales as you did yesterday, your task today is to combine multiple objects to make specific weights. Using 2 or more items, make the following weights: 15g, 35g, 75g and 130g.</p>	
<p>Thursday</p> <p>Remember to read and complete the Sumdog tasks today!</p>	<p>Using the template found in Google Classroom, complete a book review of your favourite story.</p>	<p>Using your understanding of grams, follow a recipe and carefully measure out the ingredients. There is plenty of measuring to do whilst baking cakes or making a soup!</p>	
<p>Friday</p> <p>Remember to read and complete the Sumdog tasks today!</p>	<p>Google Classroom: Look at some of the work uploaded to Google Classroom. Using 2 ★ and a 🗨️, assess your friend's work.</p> <p>Flipgrid: Respond to this week's challenge that has been posted on your class Flipgrid page.</p> <p>My Week: Complete the template about your week on Google Classroom.</p>		
<p>For extra work, please access the lessons on BBC Bitesize and the CBBC live lessons. You can also use Times Table Rockstars and Numbots to practise your times tables as well as the Oxford Owl Reading Tree to practise your reading if you like.</p>
